VEGETINE.

THE MEDICINE THAT CURES IS

VEGETINE.

Taking into consideration the character of its ouchers, the history of its cures, and the immense nereasing demand, VEGETINE may be fairly entitled the leading medicine of the age.

For scrofula in the blood VEGETINE is an infallible remedy, and no person need suffer from tumors alcers, and all diseases arising from impure blood if VEGETINE is used according to directions. There is not a case of scrotula in existence that VEGE-TINE will not cure, provided, however, the vital functions have not lost their power of action, all that may be said to the contrary notwithstanding. VEGETINE is pleasant to the taste, mild in its influence, and absolute in its action on disease as the following unquestionable evidence will show:

PAID NEARLY \$400.

JANUARY 2, 1875. Dear Sir .- When about six months old I was vac-

cinated. The parties who were vaccinated from the same virus died from the humor. The humor spread over me to such an extent that I was rolled in bran to prevent me from scratching my person. NEW GOODS opened daily at SYCLE BROTHERS'. The dissase finally settled in my head. I remained in this condition about twenty years, troubled all charging corruption from my ear. At this time a small kernel appeared on my neck, gradually increasing in size until a tumor formed of such imward. All this time I was taking various remedies for my blood without any substantial benefit. I then went to a prominent physician in Boston,

I then went to a prominent physician in Boston, who, during his treatment of six months, lanced the tumor eight times, which cost me nearly \$400. This selt me with a rough, aggravated sore, without at all diamnishing the size of the tumor, and in a sickly, feeble condition. I consulted another physician in Natick, who, after a considerable time, succeeded in healing the sore without reducing the size. At this point I commenced to use VEGETINE, the convict pressured to 10. februar After size. At this point I commenced to use VEGETINE, through the earnest persuasion of a friend. After I had taken this medicine about one week I experienced wonderful sensations. My whole body seemed to be undergoing a radical change, until, thally, the tumor broke and discharged frightful quantities. From this time it decreased in size until the bunch disappeare, but my neck still bears the ugly sears of the sore and lance. I am now healthy and strong, and able to do work every day. I will also mention that I have been an acute sufferer from inflammatory rheumatism ever since I can remember, until commencing the use of VEGEean remember, until commencing the use of VEGE can remember, that commenting the use of vector-tine, when almost immediately all rheumatle pains ceased. This statement I volunteer for the purpose of benefiting other suffering humanity, and you will confer a favor by giving it as much publicity as thought proper. Very gratefully, O. M. SAVELS, Ashland, Mass.

WHAT IS VEGETINE?

It is a compound extracted from barks, roots and herbs. It is nature's remody. It is perfectly harm-less from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It upon the blood. It quiets the nervous system. It gives you a good, sweet sleep at night. It is a great panseea for our aged fathers and mothers; for it gives them strength quies their nerves, and gives them nature's sweet sleep, as has been proved by many an aged person. It is the great blood-purifier. It is a so thing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes if. It relieves and cures all diseases originating from impure blood. Try the VEGETINE. Give it a fair trial for your complaints; then you will say to your friend, neighbor, and acquaintance: "Try it; it has cured me."
